I	2	3

Charter schools are not included in district summary

NOTE: Percents may not equal 100 because of rounding.

As a result of Senate Bill 1642, the school grade calculation was revised during the 2014-2015 school year. In addition, in 2014-2015 learning gains were not calculated because it was the first administration of the FSA exam. Although, school grades were reported in 2014-2015 due to the lack of inclusion of learning gains, the grades are not comparable to 2015-2016.
